

## Collected Papers 2 - Abstracts

Here we present abstracts of papers held at two expert meetings which took place in Athens in 2011 and 2013, organised by CBM in cooperation with two universities in Athens. The complete essays will be published later in book form by Brepols Publishers (in CBM's Subsidia vol. 2).

The primary aim of this publication is to cover – for the first time – the whole field of Byzantine liturgical manuscripts.
